

Mateus Vieira

Junior Software Analyst

I'm a student from Brazil interested in all kinds of technologies. I'm attending at the technical course in FIAP School and making some other [interesting projects](#) by myself.

Technologies that I use:

Front-End (Web)	Back-end (Web)	Database	High Performance Apps	Game Development
TypeScript (vue , react , angular)	TypeScript (deno , node)	PostgreSQL	D	C# (unity)
JavaScript (vue , react , angular)	JavaScript (deno , node)	Microsoft SQL	C (gcc , clang)	
Bootstrap	Ruby	Cassandra	C++ (gcc , clang)	
HTML	Elixir	MongoDB		

Professional objective

Practice and improve my knowledge of most diverse fields of technology, developing all kinds of apps

Idioms that I speak

- English (medium)
- Portuguese (fluent) [native language]

- Spanish (basic)
